

Future of GFDRR

Washington, DC
April 28, 2016

HOW GFDRR WORKS

BRINGING RESILIENCE TO SCALE

UN World Conference on
Disaster Risk Reduction
2015 Sendai Japan

AGENDA 2030

COP21 • CMP11
PARIS 2015
UN CLIMATE CHANGE CONFERENCE

HOW IS GFDRR FINANCED?

POSSIBLE AVENUES FOR ENGAGEMENT

Preparedness

- ❑ Civil protection
- ❑ Contingency planning

Climate adaptation

- ❑ Robust decision making
- ❑ Catalyze investments

Cities/Infrastructure

- ❑ Avoiding creation of new risk
- ❑ Building regulation

SIDS (SISRI)

- ❑ Support delivery
- ❑ Reduce dispersion

GFDRR CONTRIBUTION TO PREPARADNESS

Country Diagnostic

- ❑ Risk assessments
- ❑ Preparadness diagnostics
- ❑ Resilience indicators

Preparadness

- ❑ Civil protection systems
- ❑ Early warning systems
- ❑ Contingency planning

Resilient Recovery

- ❑ Damage and needs assessments
- ❑ Strengthening recovery systems
- ❑ Rapid response

Risk Financing

- ❑ Scalable social protection
- ❑ Financial protection
- ❑ Public financial management for emergencies

GFDRR CONTRIBUTION TO CLIMATE ACTION

Support Transformative Policies

- ❑ Mainstreaming into national policies/investments
- ❑ Robust decision making
- ❑ Measuring resilience (*Resilience Indicators*)

Leverage Resources

- ❑ Support/leverage large investments
- ❑ Catalyze private capital

Scale Up Climate Action

- ❑ Hydromet /Climate Risk Early Warning Systems (CREWS)
- ❑ Small Island States Resilience Initiative (SISRI)
- ❑ Disaster Risk Financing and Insurance (DRFI)
- ❑ Inclusive Community Resilience (ICR)
- ❑ Resilient Cities/Resilient Infrastructure

Work with Others

- ❑ Scale up Partnerships with MDBs, GCF, GEF, UNFCCC
