OBSERVERS

GFDRR – Operating principles and portfolio

Sendai Framework The substantial reduction of disaster risk and losses in lives, livelihoods and health and in the economic, physical, social, cultural and environmental assets of persons, businesses, communities and countries.

GFDRR's Vision A world where resilient societies manage and adapt to ever-changing disaster and climate risk, and where the human and economic impact of disasters is reduced.

Sendai
Priorities

Contributes to
Sendai Framework Priority 1

Contributes to
Sendai Framework Priorities 2

Contributes to
Sendai Framework Priorities 3

Contributes to
Sendai Framework Priorities 3 & 4

Strategic
Objectives

OBJECTIVE 1
Sharing evidence and knowledge
on resilience approaches

OBJECTIVE 2
Risk-informed development
is adopted at all levels

OBJECTIVE 3
Governments have access
to additional investments

OBJECTIVE 4
Disaster preparedness and resilient
recovery capacity increased

Operating Principles

- ▶ Demand-driven Approach
- ▶ Leveraging Finance and Development Policy
- ▶ Inclusive Approach
- ▶ Gender Mainstreaming
- ▶ Addressing Disaster and Climate Risk
- ▶ Knowledge and Good Practice
- ▶ Results-oriented Approach

grants
in active
portfolio

\$252
million
in active
commitments

136
countries
supported through
in-country and
global activities

\$53
million
in new funding
committed

139
newly
approved
grants in
FY18

ACP-EU-funded Programs managed by GFDRR

2011 - **ACP-EU NDRR Program** to support DRM and CCA activities in ACP countries

2014 - Building Disaster Resilience in Sub-Saharan Africa

- **Result Area 2:** aims to strengthen DRM Regional Cooperation through African RECs
- **Result Area 5 or Africa Disaster Risk Financing:** Aims to support the development of multi-risk financing strategies at regional, national and local levels in Africa

GFDRR
Global Facility for Disaster Reduction and Recovery

ACP-EU Natural Disaster Risk Reduction Program

An initiative of the African, Caribbean and Pacific Group, funded by the European Union and managed by GFDRR

An initiative of the African, Caribbean and Pacific Group of States funded by the European Union

The ACP-EU NDRR Program

- Targets all ACP countries through its 3 windows of intervention
- Projects are implemented by Government authorities, World Bank, UN agencies, Regional Organizations and NGOs

Prevention, Mitigation & Preparedness to natural hazards in ACP countries

Regional Projects (Window 1)

to advance the national DRR agendas of ACP countries through regional/sub-regional cooperation.

Country-Level Projects (Window 2)

to drive DRR and climate change adaptation (CCA) policy development and implementation in ACP countries through need-based and demand-driven technical assistance, including provision of technical advisory capacity.

Post-Disaster & Capacity Building Activities (Window 3)

to improve the ability of ACP countries to respond to disasters efficiently and effectively by building ex-ante capacity to conduct post-disaster needs assessments, providing rapid technical assistance, and mainstreaming DRR in recovery planning.

ACP-EU NDRR - Expected results

- Improved resilience of ACP countries to the impact of natural disasters;
- Better preparedness of the population in disaster-prone areas;
- Reduction of the cost of response in the event of natural disasters.

ACP-EU NDRR - Type of Activities

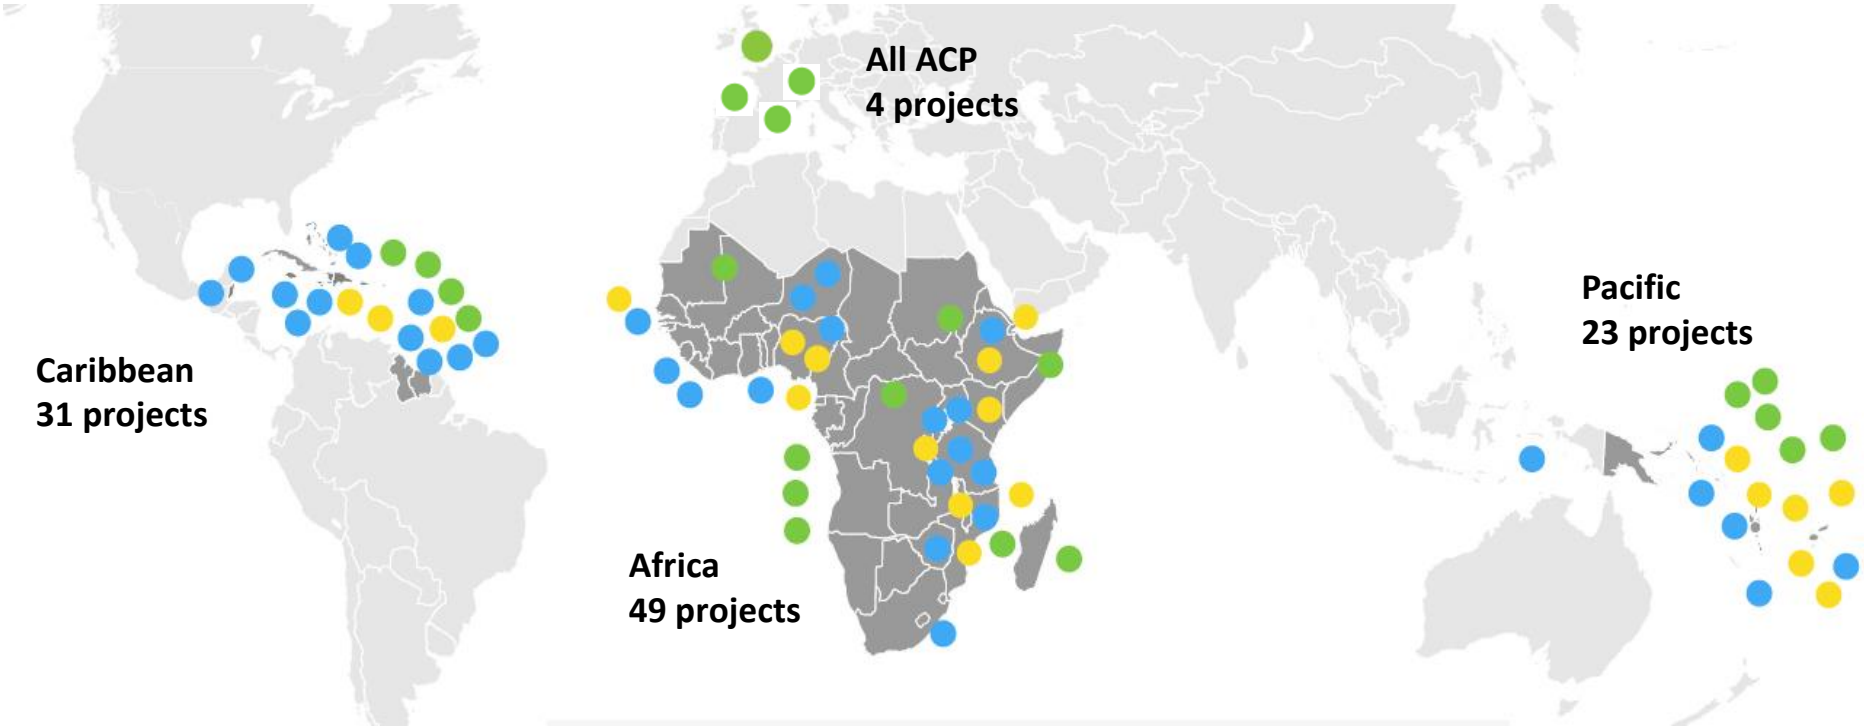

A wide range of activities covering the full DRM spectrum

- DRM Mainstreaming;
- Community-based resilience;
- Land use planning;
- Risk financing;
- Preparedness and Early Warning Systems;
- Risk assessments, risk tools, data collection;
- DRM investments;
- Post-disaster assessments and recovery planning.

The ACP-EU NDRR Portfolio

From 2011 to November 2018: **107** projects

19 Regional projects
Window 1

51 Country-level projects
Window 2

37 Post-Disaster & Capacity Building activities
Window 3

ACP-EU NDRR - Program Highlights

Total people trained
21,000+

Training events
500+

Total people trained in DRM
15,000+

Analytical products
313

Total people trained in
PDNA/DaLA
2,600+

PDNAs or Rapid Assessments
23

Financial leveraging of ACP-EU NDRR grants

Nearly **USD 2 billion**
leveraged

37 projects resulted in additional investments in DRM and post-disaster operations.

ACP-EU NDRR GRANTS

Co-financing

- The grant is part of larger financing packages w/ IDA, GCF, GEF, PPCR, etc.
- Co-financing avoids fragmentation of aid

Enabling

- GFDRR's financial or/and technical assistance has directly supported the design or/and implementation of a DRM investment.

Informing

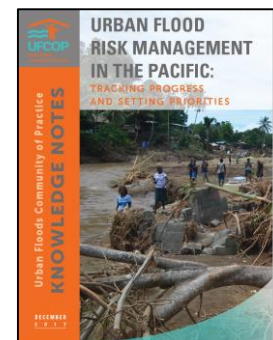

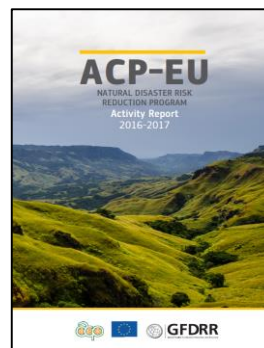

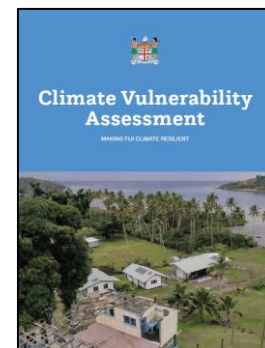

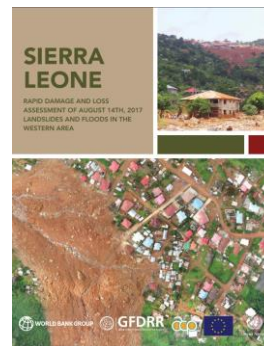

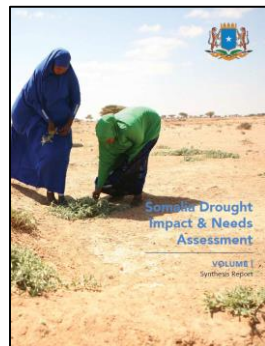

- GFDRR's financial or/and technical assistance has been instrumental to mobilizing a larger investment (eg. knowledge products, risk assessments, post-disaster assessments).

GFDRR
Global Facility for Disaster Reduction and Recovery

Communication and visibility

- Dedicated website
- Activity Reports
- Program Brochure
- Quarterly activity updates
- Program publications
- Program events (InfoPoint, Focus Day, trainings...)
- Program videos

Communication today:

- 360 Virtual Reality Material for the Climate Vulnerability Assessment available here today!
- Participate in interviews today to share your perspective about the Program!

ACP-EU Natural Disaster Risk Reduction Program

Focus Day objectives

- **Intra-ACP knowledge exchange** hearing directly from the countries who benefitted from the support of the ACP-EU NDRR Program;
- **Sharing of experience, best practices and lessons learned** on country-level and regional projects since 2011;
- **Identify areas for improvement and further cooperation.**

ACP-EU
NATURAL DISASTER RISK
REDUCTION PROGRAM

The logo features a thick yellow horizontal bar above the text. The text 'ACP-EU' is in a large, bold, dark grey font. Below it, 'NATURAL DISASTER RISK' and 'REDUCTION PROGRAM' are in a smaller, all-caps, dark grey font. The background of the logo is a landscape of rolling green hills under a cloudy sky.

Thank you!
